Dear Sir,

Flat 5, Fitzroy Lodge, The Grove, Highgate, London N6.

Refs: X5210/A/90/167409 and X5210/E/90/806869

1. I write on behalf of the Highgate Society which has some 1000 members and has been actively concerned with amenity and conservation of the environment for more than 23 years.
2. We have received notification of the above appeal against refusal of planning permission and listed building consent for the erection of a conservatory on an existing flat roof at 2nd floor level. I enclose a copy of the Society's objection to the proposal (24 June 1990) and wish to emphasize our continuing opposition, and our strong support for Camden Council's refusal of permission.
3. All our objections still stand, and we would add that, although there is already some overlooking from the flat roof since it has become used as a terrace, this would be greatly increased from a conservatory which could be used as an additional room all the year round and in all weathers.
4. We urge that the appeal should be dismissed.
5. We should be glad if we could be informed of the outcome of this appeal.

Chairman Environment Committee.
