

Arthur Stanley House

Let's get started

Let us introduce ourselves...

We're 21, and we'll be taking ownership of the ASH construction project from McGee on the 25th May. We're passionate about delivering a difference – from the ways we work to the solutions we deliver, so we can't wait to get started on the project!

What's next?

- From 25th May we'll be erecting scaffold to all elevations of the building. The scaffold will be fully enclosed with sheeting to help prevent noise and dust
- Once the scaffold is complete we will commence with the new brick work and installation of the new windows
- Fit out of the office space and residential apartments will commence upon completion of the external envelope works
- We anticipate far less noise and disruption moving forward as the heavy construction works have already been completed
- There will be no change to McGee's current logistics set up

MEET THE TEAM

Chris Lewis is our Project Director, overseeing all aspects of the job from Day 1.

Niall Adair is our Construction Manager – as the allocated Resident Liaison Champion, please reach out to him with any queries.

We Are Considerate Constructor Partners

Our site will be registered with the Considerate Constructors. The aim of this scheme is to improve the image of construction by being a good neighbour and considerate to anyone who may be affected by the project works.
