Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:

**14 Falkland Road
London
NW5 2PT**

Proposal: Replacement timber sash windows to front and rear elevations and replacement aluminium doors to rear ground floor to house (Class C3).

Drawing Nos: (1906_) D&A, OS.01, EX.01, EX.02, EX.03, EX.04, EX.05, EX.06, PL.01 Rev A, PL.02, PL.03, PL.04, PL.05 Rev A, PL.06 Rev A

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans (1906_) D&A, OS.01, EX.01, EX.02, EX03, EX.04, EX05, EX.06, PL.01 Rev A, PL.02, PL.03, PL.04, PL.05 Rev A, PL.06 Rev A

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reason for granting permission-

The proposed replacement doors and windows to the house are considered acceptable as they match the existing in terms of type, proportions and glazing patterns. The rear elevation doors are relatively visually prominent and following officer advice, the proportions and glazing pattern have been amended to match the existing. The replacement materials to the ground floor rear elevation are considered acceptable in terms of design and sustainability, the proposals are considered to preserve the character and appearance of the Kentish Town Conservation Area.

The replacement doors and windows would match the overall size of the existing window openings; therefore, the proposals would not impact the amenity of neighbouring occupiers any more than the existing window arrangement, in terms of loss of privacy or light spill.

No objections have been received prior to making this decision. The site's planning history was considered in the determination of this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1 (Managing the impact of development), D1 (Design) and D2 (Heritage) of the London Borough of Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2019.
