2020/1836/T		05/05/2020 11:18:54	OBJ	<p>This birch tree is a beautiful and healthy tree, highly visible in the West Hill Park estate. The proposal for a 75% crown reduction would decimate it, and fundamentally alter its appearance and character. At the moment it makes a positive contribution to the amenity and the character of the conservation area. The proposal would stop all that.</p> <p>The tree has limited effect on the amount of light reaching and no evidence has been provided that there is any danger of instability.</p>
