2020/1728/T		11/05/2020 17:18:16	OBJ	<p>I object to the above application to remove three lime trees due to the below reasons:</p> <p>1.) It has been clearly stated in the report attached that the three lime trees currently don't cause any damage to any existing structures. The report also suggests that the outhouse can be built without having the trees removed.</p> <p>Therefore it cannot be argued that they are currently causing any harm to the area or that they need to be removed to build the outhouse.</p> <p>In a CA efforts should be made where possible, when constructing new buildings to preserve the original aspects of the area. In this case it is possible so therefore the necessary measures should be taken when building the outhouse to preserve the three lime trees.</p> <p>2.) There would be a loss of amenity for the majority of the residents on the west side of Elsworth Terrace. There would be a substantial loss of greenery and an increase in light and potentially in sound pollution. In addition there would be a loss of natural habitat for the wildlife in the area.</p> <p>Best Wishes,</p> <p></p>
