Notes:

- 1 Drawing to be read in conjunction with all associated consultants' reports, drawings and information.
- 2 Please refer to all associated architects drawings and specifications as referenced directly in drawing as well as those that are not.
- 3 All dimensions are to be site verified and reported to design team prior to fabrication of building elements.
- 4 Contractor to report any known error or contradiction of information between consultant information, and measured site information with a view to agree with architect a solution.
- 5 All detail information is to meet current building regulations, and outlined performance criteria.
- 6 Where new elements are associated with the existing building fabric, the existing condition is to be reported to the design team if contrary to the outlined information.

Graphical Key:
