2020/1768/P		19/05/2020 00:27:22	OBJ	<p>The owner of this property has laid foundations for an illegal building not approved or mentioned in the planning documentation, and the constant use of heavy plant equipment has a detrimental impact on air quality and generates unacceptable noise from 8AM, 6 days a week to the detriment of people within my property who suffer health conditions.</p> <p>Both the owner and contractors have show blatant disregard for all of the above, and refuse compromise on noise despite being contacted several times. I also have major concerns for the safety of workers on the site who regularly do not practise social distancing.</p> <p>Please refuse this request to sign off the conditions to this planning consent, investigate the building at the back of the property, take into consideration the constant noise/air pollution created by use of Plant and investigate social distancing.</p>
