Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

**1 - 5 Oriel Court
London
NW3 6TG**

Proposal:

Replacement of existing single glazed timber windows with new double glazed timber windows to all elevations.

Drawing Nos: 101; 103; 202; 104; 105; 106; JS/DM/510.062; Cover letter from better homes; JS/DM/510.062; Contract from West Port JS/DM/510.062 and Design and Access Statement commissioned by Pellings ref: 510.062.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely

as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017 and policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 101; 103; 202; 104; 105; 106; JS/DM/510.062; Cover letter from better homes; JS/DM/510.062; Contract from West Port JS/DM/510.062 and Design and Access Statement commissioned by Pellings ref: 510.062.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The host building is a Victorian two storey low rise block of flats containing 5 x self-contained units and planning permission is sought to replace all the existing single glazed windows to the front, rear and side elevations. The proposed windows would be double glazed timber casement windows of similar style and fitting to the existing. The proposed windows have been carefully designed to ensure close attention has been paid to maintaining the dimensions of the frames and general detailing.

The proposed windows would be similar additions to the existing timber framed windows within their setting and Officers consider the proposed design and appearance of the new windows would preserve the character and appearance of the host building, the street scene and the wider Hampstead Conservation Area.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of The Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The replacement windows would not have an impact on the amenity of adjoining properties as the proposal would replace existing windows and no additional window openings are proposed.

No objections were received prior to making the decision. The site's planning history was taken into account when determining this application.

The proposed development is in general accordance with Policies A1, D1 and D2 of the Camden Local Plan 2017 and Policies DH1 and DH2 of the

Hampstead Neighbourhood Plan 2018 - 2033. The proposed development also accords with the London Plan 2016; and the National Planning Policy Framework 2019.
