Details of the pre-application advice received

Dear Ed Tunstall,

Thank you for your email, I can confirm that the property is located within the Primrose Hill Conservation Area and the property has an article 4 direction attached. This means, for example, that some alterations and small extensions can be carried out without obtaining planning permission from the Council. However many dwelling houses in the Primrose Hill Conservation Area have had some of these permitted development rights removed by Article 4 of the above Act (mainly relating to Part 1 and Part 2, concerning extensions and alterations, the provision of hardstandings and dropped kerbs, the erection of boundary walls and fences, and the painting of brickwork). This is to ensure that the Council can retain control over certain features that are considered to make a particularly important contribution to the character of the Conservation Area. Planning permission is therefore required for the alterations specified in the Article 4 Direction.

I hope this helps with your enquiry,

Kind Regards,
