Drawing Nos: Application form, Cover Letter (LBC roof) 161219, Existing Site Plan, Site Location Plan, Proposed Roof Plan, Design Document.

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Application form, Cover Letter (LBC roof) 161219, Existing Site Plan, Site Location Plan, Proposed Roof Plan, Design Document.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Camden Town Hall is a grade II listed building. It was built during 1934-7 and is constructed on a steel frame with Portland Stone cladding. The building is set over three main storeys with a basement. The building's entrance is on Judd Street, however the building is most visible from Euston Road.

The proposals are to replace the existing Westmoreland Green roof tiles with like-for-like replacements.

The existing tiles are in poor condition and are considered to be at the end of their lifespan. Many tiles have slipped and have 'nail fatigue', others are cracked potentially allowing water ingress.

A sample of the replacement tiles has been submitted to the Local Authority and is acceptable. When new, the tiles appear quite green in colour, however as they patinate the green becomes more subtle and the tiles appear grey.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
