Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
8 Prince Arthur Road
London
NW3 6AU

Proposal: Replacement of existing single- glazed timber windows with new double-glazed timber framed windows to all elevations.

Drawing Nos: 400; 401; 402; 403; 404; 406; Contractors letter commissioned by West Port ref: 2020/1614/PJS/DM/2520219/510.062 and JS/DM/510.062.

The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 400; 401; 402; 403; 404; 406; Contractors letter commissioned by West Port ref: 2020/1614/PJS/DM/2520219/510.062 and JS/DM/510.062.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting permission:

The host building is a four storey traditionally constructed Victorian property converted into 4 x self-contained flats and planning permission is sought to replace all the existing single glazed windows to the front, rear and side elevations. The proposed windows would be double glazed timber sash windows of similar style and fitting to the existing. The proposed windows have been carefully designed to ensure close attention has been paid to maintaining the dimensions of the frames and general detailing.

The proposed windows would be similar additions to the existing timber framed windows within their setting and officers consider that the proposed design and appearance of the new windows would preserve the character and appearance of the host building, the street scene and the wider Hampstead Conservation Area.

Considerable importance and weight has been attached to assessing any harm from the proposals and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of The Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The replacement windows would not have an impact on the amenity of adjoining properties as the proposal would replace existing windows and no additional window openings are proposed.

No objection and a comment was received and is addressed separately following statutory consultation. The site's planning history was taken into account when determining this application.

The proposed development is in general accordance with Policies A1, D1 and D2 of the Camden Local Plan 2017 and Policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018 - 2033. The proposed development also accords with the London Plan 2016; and the National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
