Dear Sir / Madam

**Re Planning Application 2020/1906/P**

Further to the letter dated 21 May 2020 objecting to the above application, it has come to the CRA's attention that not only is the applicant inappropriately seeking permission to demolish a listed asset, they also do not intend to rebuild it as was. They propose to rewrite history by moving the gate. It was a condition of the overall planning approval for 22 Froggnal Way that this wall should be retained. Please add the proposed relocation of the gate as further grounds for refusal.
