Dear Hennie,

**Re; 2004/5463 29 Sicilian Avenue London WC1A 2QH**

Please find enclosed five copies of the amended drawings with reference to your letter dated 07.01.2005.

With reference to bullet point 2, I had a conversation with Alex Bushell on 13.01.05 regarding the necessity for a planning application with regard to the external works. It was agreed by him that we do not need planning permission for such a matter therefore please note that this still remains a listed building consent application and a consent for advertisements only.

All sections have already been supplied in drawing numbers YUM04/005, YUM04/006, YUM04/011, YUM04/012, however I have re submitted these drawings with more detailed annotation with regard to bullet points 4, and 5. Please note that all sections refer to the relevant plans as to their positioning, where they are clearly labelled. There are now three extra drawing numbers to the original document YUM04/013, YUM04/014 and YUM04/015 relating to bullet points 5 and 6. There is also an extra page with a set of photographs of the site for extra clarity to assist the application [YUM04/000].

These drawings are therefore an addition to the original document you should have in your department, there are a full set of drawings numbered YUM04/001-YUM04/012. If any of these drawings are not still present in your department please do not hesitate to contact me as soon as possible.

I trust that this is now sufficient to become a valid application and shall therefore be submitted accordingly.

If you have any further queries regarding this application please do not hesitate to contact myself, or my business partner Dominic Sharland, on 020 7751 8347 immediately. Many Thanks for your time.

Yours Sincerely
