2020/1614P	[REDACTED]	07/06/2020 21:17:05	COMMENT	[REDACTED] We are concerned to know whether the proposed rear elevation dormer will affect our privacy through overlooking, or whether any other amenity will be affected. There is not sufficient detail in the application (eg the size of the dormer and the degree it extends) for us to have reassurance about this issue.
