2020/2307/T		03/06/2020 14:55:25	COMMENT	<p>As far as I can see, this oak is in good condition. It is of a medium age. It is not near to any property. I see no reason for it to be felled. Oaks support the greatest number of species of birds and insects, of any native tree. In addition, the birds are nesting and it contravenes the Wildlife and Countryside Act. It also contravenes the South Hampstead Conservation Strategy, which seeks to retain and enhance the leafy character of our neighbourhood.</p> <p>We are against the removal of this tree.</p>
