

**PROPOSED GROUND FLOOR GA PLAN**  
1:50

**GENERAL NOTES**

**CDM REGULATIONS 2015**

The client must abide by the Construction Design and Management Regulations 2015. The client must appoint a contractor, if more than one contractor is to be involved, the client will need to appoint (in writing) a principal designer (to plan, manage and coordinate the planning and design work) and a principal contractor (to plan, manage and coordinate the construction and ensure there are arrangements in place for managing and organising the project).

The designer can take on the duties, provided there is a written agreement between you and the designer to do so.

The Health and Safety Executive is to be notified as soon as possible before construction work starts if the works:

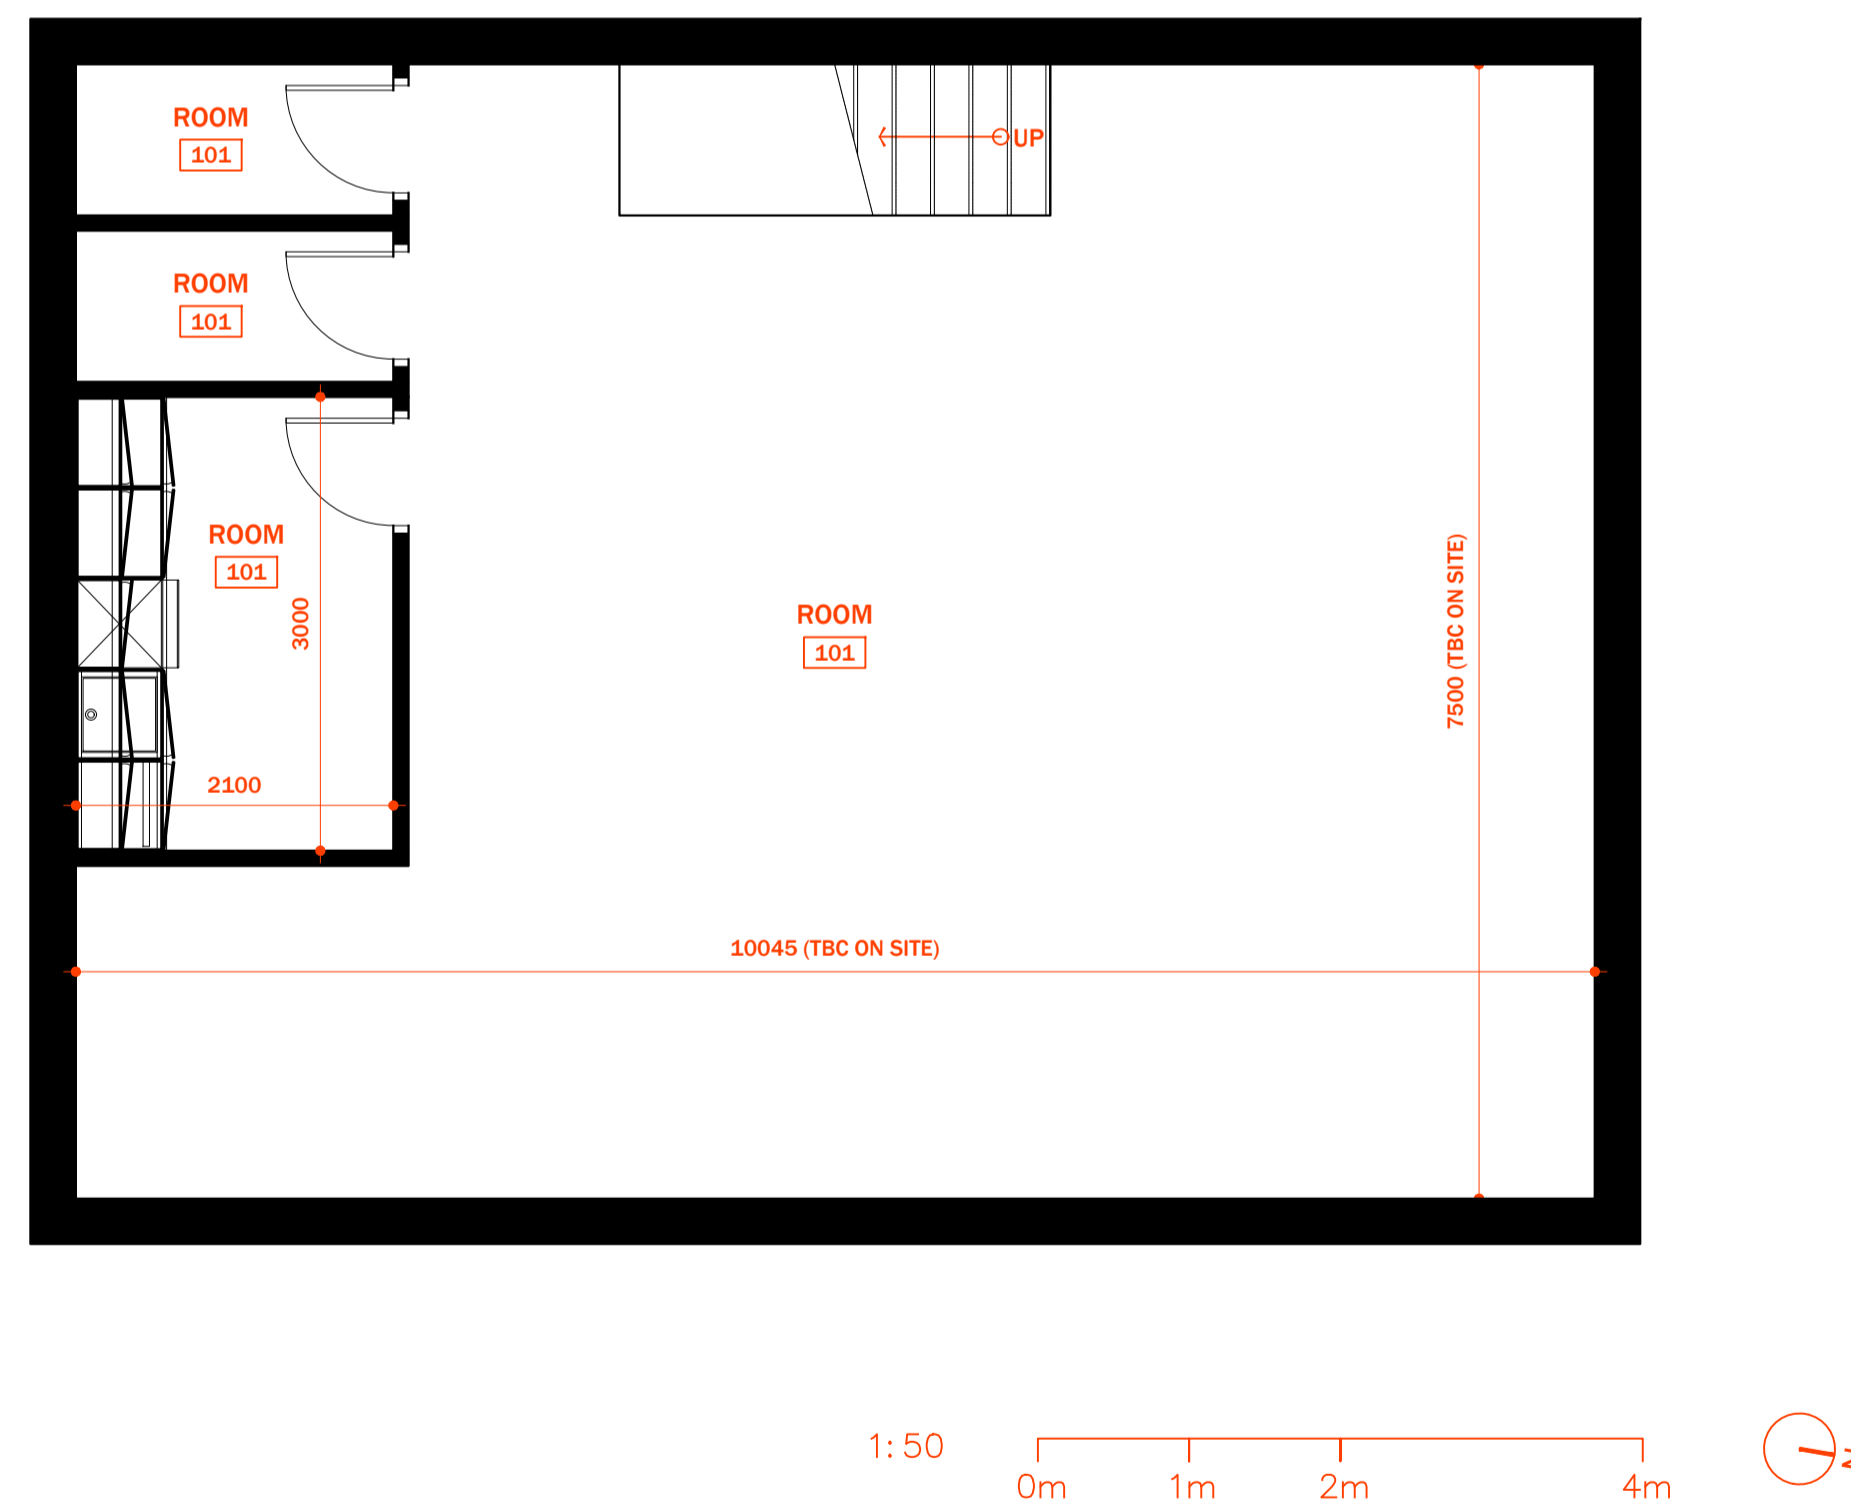

- (a) Last longer than 30 working days and has more than 20 workers working simultaneously at any point in the project.

Or:

- (b) Exceeds 500 person days.

**HEALTH AND SAFETY**

The contractor is reminded of their liability to ensure due care, attention and consideration is given in regard to safe practice in compliance with the Health and Safety at Work Act 1974.

**PROPOSED BASEMENT GA PLAN**  
1:50

**SCOPE OF WORKS**

The proposed works consists of structural alterations to remove an existing column, currently situated at the front of the unit, inline with the existing shop front.

Following the removal of this column, further works include for removal of the existing staircase between the ground floor and basement, and installation of a new timber staircase, running in the opposite direction of the existing. Works also include for the installation of a new shopfront which incorporates dual glass display units, either side of a new shop entrance, as well as the creation of a separate office space at the rear of the ground floor of the unit.
