The Council, as a neighbouring planning authority, has considered your request for observations on the application referred to above and hereby raises no objection.

Informative(s):

1 Reasons for no objection-

The proposals comprise minor amendments to the previously approved Eruv pole locations. The proposed revisions would not have a materially harmful impact upon the character and appearance of the neighbouring borough of Camden nor cause harm to the amenity of Camden residents by virtue of outlook, light or privacy. The proposed revisions would also not cause any hindrance in terms of pedestrian movement or accessibility.

Yours faithfully
