Dear Mark Chan

**20A Brookfield Park 2020/0727/P**

Thank you for returning my call on Wednesday.

We had a fruitful discussion and reached agreement on a number of items. We have updated the drawings which show the changed context consequential to the approval for no 18's rear extension.

My understanding is that by updating the drawings and the design and access statement, you hope to be in a position to review the amendments and confirm by Friday the 19<sup>th</sup> of June 2020.

Yours sincerely

Gerard Ryan RIBA
