Dear Madam/Sir, camden planning

Thank you for sending above letter (copy attached) which arrived only yesterday (probably due to COVID-19 delays).

We strongly object to the felling of the 3 trees.

The 3 trees (Cotoneaster, Pedunculate Oak, Chinese Privet) are sizeable (I enclose one photo due to email size) and have been there for at least 50 years.

They are of a variety that makes a major contribution to the habitat for birds, squirrels and insects.

By absorbing carbon dioxide they contribute to reduction in global warming.

Felling the three trees to ground level is nothing short of an act of barbarism and substantial damage to wild life and the environment.

In addition, felling the trees will reduce much our privacy. Allowing residents of the new development direct observation into our property

I note there are 21 days for submitting comments. I suspect all other resident received the communication late and hence urge you to provide more time

By the way on 2019 , 10 Nutley Terrace have already fell down and cut quite a lot of very beautiful old trees and maturated plants which was a very very sad scene !! Enough of cutting !! We object !!

Kind regards,
