[EXTERNAL EMAIL] Beware – This email originated outside Camden Council and may be malicious Please take extra care with any links, attachments, requests to take action or for you to verify your password etc. Please note there have been reports of emails purporting to be about Covid 19 being used as cover for scams so extra vigilance is required.

Can you please log this as an objection for 2020/2063/P. I wasn't originally going to bother (lost cause syndrome) but have changed my mind seeing yet another bedroom/playroom in the basement. I put the wrong number on my objection to 1667 when I referred to 2063. Apologies, I don't suppose the error can be corrected.

Kind regards

Subject: Comments on 2020/1667/P have been received by the council.

This application comes a week after 2020/1667/P for the same address.
Both applications are to create new basement bedroom accommodation in the same Willett house. William Willett, who spent his fortune from selling his luxury developments, on his campaign for Daylight Saving; who designed this and the rest of the houses in the Elsworthy CA without any basement accommodation because he no longer wanted people to live or work below ground level. Basements were fit for boilers and wine.
Along with the pool, cinema etc this house has already created one bedroom and bathroom below ground. There is an application to convert part of the gym to another (1667) and now the car lift is proposed for a "playroom and bathroom".
In order to uphold William Willett's original ideals for his original garden suburb I object!
