2020/2379/T	[REDACTED]	18/06/2020 12:47:44	OBJ	<p>Objection from the Highgate Conservation Area Advisory Committee.</p> <p>The applicant cites damage to a retaining wall and excessive shade as reasons for the felling. Excessive shade should not be grounds for the felling of a tree. The wall in question is shown to be a low one with minor cracks which could probably be filled.</p> <p>It should be noted that pictures of the cracked wall are attached, but no picture of the tree itself, which would have been helpful.</p>
