**Subject:** Application Ref: 2020/2536/T

Hello,

I recently received a notification letter for intended works to trees Application Ref: 2020/2536/T

However the planning records on file at [camden.gov.uk](https://camden.gov.uk) are not for the address listed on the application: 22 Frognal, London NW3 6AG

I believe a mistake may have been made with the address, it seems to me the planning records on file are for 22 Frognal Way, not 22 Frognal, and therefore I have been sent this notification letter by mistake.

I suggest you investigate this issue and resend the notification letter to the correct address.

I would appreciate an acknowledgement you have received this email and you will investigate and correct the mistake made. Thank you.

Regards,

Mark Amery
