(by email only Kristina.Smith@camden.gov.uk)

Dear Kristina,

Re: Flat A, 15 Croftdown Road, London, NW5 1EL
Application Ref: 2019/6007/P

I write with reference to Condition 4 of the Grant of Planning Approval dated 25 June 2020.

I have been a Member of the Institute of Structural Engineers for 43 years and for the past 20 years I have been responsible for the design of sub-terranean developments.

As an Associate Director of Wyatt Carruthers Jebb Ltd my role includes the overseeing of all sub-terranean designs which includes Flat A, 15 Croftdown Road. Your records will confirm it was myself who produced the "Structural Engineers Report in Support of Planning Submission for Proposed Subterranean Works" for Flat A, Croftdown Road back in February 2019.

With regards to Building Control Approval I can confirm that Wyatt Carruthers Jebb Ltd.'s structural engineering design (drawings and calculations) have been approved by Graham King BSc (Hons) MRICS, Regional Director at Butler & Young Approved Inspectors Ltd.

With regards to the works on site I can confirm Wyatt Carruthers Jebb Ltd.'s appointment includes the inspection, approval and monitoring of the critical elements of both the temporary and permanent works so as to ensure compliance with Wyatt Carruthers Jebb Ltd.'s design.

I trust the above confirmations meet with your requirements and Condition 4 can be considered as being discharged.

Yours sincerely

Anthony R Smith IEng AMIStructE MFPWS

Associate Director

for and on behalf of Wyatt Carruthers Jebb Ltd
