Town and Country Planning Act 1962  
Three-storey building at rear of 7-13 Falkland Road

Further to my memorandum of 12th March last I have to advise you that red facing bricks and not\*sand faced bricks as shown on plans No 18202 are being used in the construction of the external walls of the building under construction at the above site.

I understand that in a telephone conversation between Mr. White of your department and my assistant on 25th March last it was stated that no objection to the use of the red facing bricks would be made under Town Planning.
