The majority of Council staff are now working at home through remote, secure access to our systems.

Where possible please now communicate with us by telephone or email. We have limited staff in our offices to deal with post, but as most staff are homeworking due to the current situation with COVID-19, electronic communications will mean we can respond quickly.

I am objecting to this planning application.

This is a CA and this development is completely against the ethos and aims of the CA.

I was led to believe it would be some kind of garden room replacing an old shed.

However it is ancillary accommodation with a bedroom and bathroom.

It would create a disastrous precedent to develop gardens in this way.

This building would be higher than the existing garden walls and take out about a third of the garden.

It would add to the noise and light pollution and adversely affect the outlook for residents on the West side of Elsworthy Terrace

I hope this application is refused.
It would be completely wrong to allow the development of gardens in the CA in this way.
