Dear Rachel English,

Re: Boston House, Fitzroy Square Ref: 2020/2226/P and 2020/2606/L

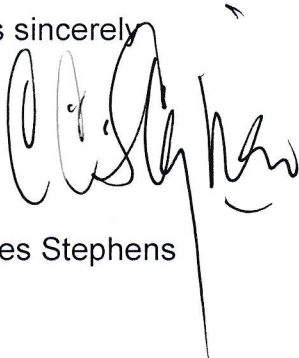

I object to the planning use of Boston House from offices to University college in Fitzroy Square. The impact of all these students between 8am – 10.00am in the square will destroy the balance of our community. The increase in cycles from students would clutter the conservation area and destroy this Grade 1 listed Robert Adam Square in appearance and feel. Our quality of life as residents and workers as we have known it own will demmish.

We welcome a new institute of education to London, but this should be sited in the educational quarter of Camden in the Bloomsbury area with the other institutions of like minded educators.

I totally resist and object to this planning application.

Please keep me informed of any developments.

Yours sincerely
