The copyright in this drawing is vested in Mario Pilla Architects Ltd, and no licence or assignmentof any kind has been, or is, granted to any third party whether by provision of copies orortginals of the drawings or otherwise unless otherwise agreed in writing.

DO NOT SCALE FROM THIS DRAWING

The contractor shall check and verify all dimensions on site and report any discrepancies in writing to Mario Pilla Architects Ltd before proceeding with work.

FOR ELECTRONIC DATA ISSUE

Electronic data / drawings are issued as "read only" and should not be interrogated for measurement. All dimensions and levels should be read, only from those values stated in text, on the drawing.

AREA MEASUREMENT

The areas are approximate and can only be verified by a detailed dimensional survey of the completed building. Any decisions to be made on the basis of these predictions, whether as to project viability, pre-letting, lease agreements or the like, should include due allowance for the increases and decreases inherent in the design development and building processes. Figures relate to the likely areas of the building at the current state of the design and using the Gross External Area (GEA) / Gross Internal Area (GIA) / Nett Internal Area (NIA) method of measurement from the Code of Measuring Practice, 5th Edition (RICS Code of Practice). All areas are subject to Town Planning and Conservation Area Consent, and detailed Rights to Light analysis.

NOTES:

LINE OF EXISTING REAR CLOSET WING

NOTES:

01 White rendered masonary painted white
02 Face brickwork
03 No changes to the front elevation
04 Proposed DG Timber sliding sash window
05 Proposed glazed balustrade (obscured) 1000mm above existing parapet level
