2020/0903/L	[REDACTED]	05/07/2020 12:16:21	NOBJ	[REDACTED] 12A Manley Street, London NW1 8LT 1 July 2020 1 Prince Albert Road NW1 7SN 2020/0903/L We note the appeal decision on APP/X5210/W/19/3226047 which recognized the importance of the retention of wooden gates, and of the height of the stock-brick walls and piers for the preservation and enhancement of the character and appearance of the conservation area and the setting of the Listed buildings. We have no objection to the present application, on condition that, despite the images submitted showing changed brickwork, the existing gate piers and walls are maintained in London stock brick, as well as in height and details, as existing, and the gates to be replaced in timber, like for like.
