Dear Ms Muthoora ,

Ref 85, Jamestown Road 2020/0560/A

I own no 31 Oval Road opposite no 85 Jamestown Road . Guy Gold <sup>is</sup> the lessee of the coffee bar

On the ground floor who is an ex-tenant of 31 Oval Road and well known in the area has asked me to support his application to enable him to put tables outside his shop .

I have looked at the file on his application .

I have worked in Oval Road for many years .Guy's shop was a sandwich bar when we came to the street in 1975 . One can see that it originally had awnings below a shop sign . The street is quite brightly lit .New lights will make little or no difference to light levels .

There may be questions about his proposed shop awnings coming out over the public footway ..

I support the proposal and think it will enhance the Conservation Area and be good for Guy's business and the coffee drinkers of Oval Road .

Yours sincerely

Anthony Richardson
