Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the

following approved plans:

Design & access statement, location plan, existing lift lobbies, pushes and indicators

Informative(s):

- 1 The site is a grade-II-listed block of philanthropic housing of 1865 that makes a positive contribution to the Kings Cross St Pancras Conservation Area.

It already has a modern steel lift installed and the applicant wishes to replace this with a visually identical newer model within the existing shaft and machine house. The indicators and pushes will be slightly relocated, but the amount will remain the same.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II-listed building.

The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
