Dear Sir or Madam,

I happened to check the planning details online for this application, which I support and am interested in, and notice that my comments are not yet online (see below). I would be very grateful if you would check that this is in progress.

Many thanks
Sarah

We would like to express our support for this application. We share a boundary with the site (and overlook the garden) and are delighted that the owners are prepared to invest in the restoration of this old house, whilst also improving it in order to suit a modern young family. This proposed extension is extremely modest and unobtrusive in size and the overall plans are appropriate and sensitively designed.
