MR MANUEL FERRO CURTO  
Flat 7, 39, Eton Avenue  
London  
NW3 3EP

Dear Sir/Madam

## **DECISION**

Planning (Listed Building and Conservation Areas) Act 1990

### **Listed Building Consent Granted**

Address:

**Flat 7**  
**39 Eton Avenue**  
**London**  
**NW3 3EP**

Proposal:

Removal of one door and frame in the second-floor passage  
Drawing Nos: IMG0148 (plan), site plan, IMG8823 (photo of doorway), IMG8824 (photo of door and doorway), project 1 second floor design (plan)

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

IMG0148 (plan), site plan, IMG8823 (photo of doorway), IMG8824 (photo of

door and doorway), project 1 second floor design (plan)

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is part of the second floor of a red-brick detached house of 1900, listed grade II and now subdivided into flats.

The applicant wishes to remove a door and its lining to improve permeability in the flat.

Judging from the level of subdivision, it appears unlikely that the plan form is original. The door itself can be seen to be a thick, plane door with planted-on beading, and is unmistakably modern fabric. From its positioning, it appears to have been intended to allow the bedroom and its adjoining bathroom to be used en suite, if desired. The applicant has undertaken to retain the downstand and nibs surrounding the doorway so the current condition can easily be reinstated.

This application was determined under emergency conditions, and a site visit was not possible.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II-listed building.

The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
