2019/5835/P	Helen Sinclair	07/07/2020 13:08:33	OBJ	<p>I object to this. It is intensification of a small site in a residential area. It reduces visibility and impairs the visual amenity of this road.</p> <p>The site is on a blind bend and covers a width of 9.3m just about the same as one of the 8- 10 HGVS six days a week for more than a year! Access to the site will be materially restricted. There is a school and the Royal Free Hospital at the end of this modest sized road and it bears a lot of traffic and parking needs of disabled drivers visiting the hospital already. Where will the site office be located and facilities and workshop?</p>
