I object to this as such the large pole will block the view from my window.                      Your sincerely                      Mrs Gila Wacholder</p>
2020/2947/P	Elena Moynihan	10/07/2020 15:36:50	OBJ	<p>It is not right that we allow minority interests to plant hardware in the public space based on their personal belief. This sets a very dangerous precedent and on this basis I object - I would object whatever religion, sect, or other belief system had requested to make use of this public space in the conservation area.</p>
