2020/3009/T	Stephen Williams for and on behalf of the Netherhall Neighbourhood Association	15/07/2020 19:30:51	OBJ	<p>Note these two properties were subject in 2019 to an application to fell trees. Reference 2019/0856/T. TPOs were served to prevent felling of two mature plum trees. There was considerable disquiet from adjoining residents about the application to fell trees as they would lose visual amenity the trees provide and the felling of trees would damage the character of the conservation area.</p> <p>In their decision the Council pointed out that: - "The two purple plums are in good condition with no obvious defects of any significance. Although they are not visible from the street it is considered tha they are reasonably visible from adjacent gardens and make a positive contribution to the character of the area, provide visual amenity and screening within the rear garden areas. A TPO has been served to protect the visual amenity the tree trees provide and preserve the character of the conservation area."</p> <p>The application to fell the plum tree should therefore be refused.</p>

2020/3009/T	Alison Goodliff	16/07/2020 12:14:18	OBJ	<p>I am writing on behalf of the freeholders and Leaseholders of 16 Maresfield Gardens. We have no objection to reasonable pruning and reduction (as long as this does not include pollarding) of the trees in the back or front gardens of 12 & 14 Maresfield gardens. However, we DO OBJECT to the felling of any of the trees: 1 x Purple Leaf Plum (Prunus cerasifera 'Nigra') (T2) - Fell to ground level by sectional take down, grind down stump to 300mm below ground level; 1 x Loquat (Eriobotrya japonica) (T6) - Fell to ground level, grind down stump to approx. 300mm below ground level. 1 x Cherry (Prunus spp) (T11) - Fell to ground level by sectional takedown. 2 x Holly (Ilex aquifolium) (T14) - Fell to ground level.</p>
