2020/2486/P	david huyton	23/07/2020 15:37:05	OBJ	<p>My property at 227 Goldhurst Terrace overlooks the development site. I am strongly objecting to the removal of the mature trees in the north east corner and on the northern boundary of the site. These trees are of great amenity to me. They provide shelter from road noise and pollution. They also enhance, considerably, the view from my property. From the plans, they do not appear to have any affect on the development overall and their loss would be unnecessary and detrimental to the environment.</p>
