4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? Yes No

Are you wishing to carry out works to tree(s) in a conservation area? Yes No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? Yes No

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

Rear Garden:

T1: Magnolia - (closest to the house): Remove the Rose from upper crown and reduce it back to main stems in the central crown area. Remove dead wood. Reduce and reshape the crown as is required after Rose removal (not more than 20%).

Reason: General maintenance as the Rose is adding to the trees wind sail area and is beginning to suppress some healthy leaf growth in the upper crown.

T2: Japanese Maple: Reduce crown by approximately 20%. Thin crown density by 20%.

G1: Row of Magnolia Grandiflora: Reduce back over neighbouring property by approximately 1.00m. Reduce crown heights by 1.00m. Reduce over lawn by approximately 0.50m.

T3: Large Bay - (central bed): Reduce crown height by approximately 40%. Reduce lateral and sub-lateral branches as hard back as is practicable to balance (approximately 20%) and shape.

S1: Griselinia: Trim back to previous reduction points.

T4: Small Bay - (rear boundary): Reduce back to previous reduction points to control encroachment (approximately 20%).

T5: Cherry: Reduce section of crown by 20% which is overhanging the Mulberry.

Reasons: General maintenance and to control encroachment.

6. Tree Ownership

Is the applicant the owner of the tree(s)?

Yes No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
