Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:
1 Prince Albert Road
London
NW1 7SN

Proposal:
Replace the existing timber driveway gates, like for like, and motorise them.
Drawing Nos: Heritage statement including drawing, XP20 (controls), S800H (motor),
location plan, front view, rear view, 4874549 (drawing)

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Heritage statement including drawing, XP20 (controls), S800H (motor), location plan, front view, rear view, 4874549 (drawing)

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The host building is one of 15 villas of the mid-19th century, listed grade II and making a positive contribution to the Primrose Hill Conservation Area. They are fronted by a tall brick wall with timber gates in it.

The applicant wishes to remove a pair of 1.9m-tall, ledged-and-braced timber gates and gateposts that have become rotten and replace them with a similar set, arranged to swing in the traditional fashion. The new gates will be motorised.

It does not appear that the existing gates are historic. The motorisation will be concealed underground.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
