The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 16AR01; 16AR02 REV 09; 16AR92 REV09; 16AR03 REV09; 16AR04 REV09; 16AR05 - B -REV09; 16AR06 - B REV09; 16AR07 REV09; 16AR08 REV09; 16AR09; 16AR11 REV 09; 16AR12 - B REV 09; 16AR92 REV09; 16AR94 REV09; 16AR98 REV09; 16AR06 REV09; 16AR94 REV09; 16AR96 REV09; 16AR98 REV09; 16AR910 REV09; 16AR912 REV09; 16AR913 REV09; Cover letter from Lewis Huntington, Federica Gallo and Altytay Davletova

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

A rear extension was granted planning permission ref 2017/6387/P on 27.12.2017 with a sloping roof line adjoining no.14 Agamemnon Road to ensure there would be no loss of amenity to the neighbours there. However both neighbours now intend to build their extensions simultaneously and thus a variation is proposed to replace the rearmost pitched slope by a flat roof on the side in line with the ridge level, making it about 1m higher on the side party wall. This would improve the appearance by providing a consistent and simpler design to the rear elevation as well as simplifying the construction process. This would be part of a joint application with no.14 which also proposes an entirely flat roofline at the rear and, given this context, the proposal is considered acceptable.

The approved skylight on the flat roof element would be omitted but the side glazed roofslope would be retained. The changed roofline in height, bulk and form are considered acceptable and would not be harmful to the design and appearance of the host building.

Given the setting of the proposed varied infill extension which will adjoin a similarly changed flat-roofed extension proposed by the neighbour, there would be no adverse impact on the amenities of neighbouring properties in regards to loss of light, outlook, privacy or light spill.

No objections were received during the course of this application. The site's planning history was taken into account when coming to this decision.

As such, the development is in general accordance with policies A1 and D1 of the Camden Local Plan 2017, as well as policy 2 of the Fortune Green and

West Hampstead Neighbourhood Plan. The proposal accords with the London Plan 2016 and the NPPF 2019.
