Dear Michele

**13 Gloucester Crescent, London, NW1 7DR**

Harrison Shortt have been appointed to take over the structural design of 13 Gloucester Crescent from James Frith Consulting Civil and Structural Engineers. John Harrison is the project engineer and he is a chartered Structural engineer membership number 028362792 (MI Struct E).

If there is a reason I cannot be present at a particular time his colleague Martin Shortt also Chartered Structural Engineer will be able to review the the construction.

Yours Sincerely

A John D Harrison
