

Application to determine if prior approval is required for a proposed: New dwellinghouses on detached blocks of flats

Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 20, Class A

Privacy Notice

This form is provided by Planning Portal and based on the requirements provided by Government for the sole purpose of submitting information to a Local Planning Authority in accordance with the legislation detailed on this form.

Please be aware that once you have downloaded this form, Planning Portal will have no access to the form or the data you enter into it. Any subsequent use of this form is solely at your discretion, including the choice to complete and submit it to a Local Planning Authority in agreement with the declaration section.

Upon receipt of this form and any supporting information, it is the responsibility of the Local Planning Authority to inform you of its obligations in regards to the processing of your application. Please refer to its website for further information on any legal, regulatory and commercial requirements relating to information security and data protection of the information you have provided.

Publication on Local Planning Authority websites

Information provided on this form and in supporting documents may be published on the authority's planning register and website. Please ensure that the information you submit is accurate and correct and does not include personal or sensitive information.

If you require any further clarification, please contact the Local Planning Authority directly.

Find contact details for Local Planning Authorities: <https://www.planningportal.co.uk/lpasearch>

If printed, please complete using block capitals and black ink.

1. Applicant Name and Address

Title:	<input type="text"/>	First name:	<input type="text"/>		
Last name:	<input type="text"/>				
Company (optional):	<input type="text" value="Elmdon Real Estate LLP"/>				
Unit:	<input type="text"/>	Number:	<input type="text" value="133"/>	Suffix:	<input type="text"/>
Building name:	<input type="text"/>				
Address 1:	<input type="text" value="Hammersmith Road"/>				
Address 2:	<input type="text"/>				
Address 3:	<input type="text"/>				
Town:	<input type="text" value="London"/>				
County:	<input type="text"/>				
Country:	<input type="text" value="UK"/>				
Postcode:	<input type="text" value="W14 0QL"/>				

2. Agent Name and Address

Title:	<input type="text"/>	First name:	<input type="text" value="Chloe"/>		
Last name:	<input type="text" value="Fleck"/>				
Company (optional):	<input type="text" value="FLECK Architecture Ltd"/>				
Unit:	<input type="text"/>	Number:	<input type="text" value="28"/>	Suffix:	<input type="text"/>
Building name:	<input type="text"/>				
Address 1:	<input type="text" value="Trevelyan Road"/>				
Address 2:	<input type="text"/>				
Address 3:	<input type="text"/>				
Town:	<input type="text" value="London"/>				
County:	<input type="text"/>				
Country:	<input type="text" value="UK"/>				
Postcode:	<input type="text" value="E15 1SU"/>				

3. Site Address Details

Please provide the full postal address of the application site.

Unit:	<input type="text"/>	Number:	<input type="text" value="523"/>	Suffix:	<input type="text"/>
Building name:	<input type="text" value="Kings Court"/>				
Address 1:	<input type="text" value="Finchley Road"/>				
Address 2:	<input type="text" value="London"/>				
Address 3:	<input type="text"/>				
Address 4:	<input type="text"/>				
Postcode:	<input type="text" value="NW3 7BP"/>				

4. Eligibility

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class M, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Above ground level, is the current building less than 3 storeys in height?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Was the current building constructed between 1 July 1948 and 5 March 2018?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the floor to ceiling height of any proposed additional storey:

- exceed 3 metres in height; or
- exceed the floor to ceiling height of any of the existing storeys (whichever is the lesser). Note that the floor to ceiling height should be measured internally.

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will all the proposed new dwellinghouses be flats (i.e. separate and self-contained premises constructed for use for the purposes of a dwellinghouse)?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the proposed extended building's:

- roof be more than 7 metres higher than the highest part of the existing roof (not including existing plant); or
- total height exceed 30 metres (not including plant)

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4. Eligibility (continued)

Will any proposed engineering operations reasonably necessary to construct the additional storeys and new dwellinghouses include:

- provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- anything other than works within the existing curtilage of the building to strengthen existing walls; strengthen existing foundations; or install or replace water, drainage, electricity, gas or other services;

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any works for the replacement of existing plant or installation of additional plant on the roof of the extended building reasonably necessary to service the new dwellinghouses include:

- Installation of plant where none currently exists; or
- Increasing the height of any installed plant (i.e. as measured before and after from the lowest surface of the roof on the principal part of the building)

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any works for the construction of appropriate and safe access and egress to the new and existing dwellinghouses (including means of escape from fire, via additional external doors or external staircases) extend beyond the curtilage of the existing building?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any works for the construction of storage, waste or other ancillary facilities reasonably necessary to support the new dwellinghouses:

- extend beyond the curtilage of the existing building;
- be situated on land forward of a wall forming the principal elevation of the existing building; or
- be situated on land forward of a wall fronting a highway and forming a side elevation of the existing building

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Is any part of the land or site on which the building is located:

- article 2(3) land;
- a site of special scientific interest;
- a listed building or land within its curtilage;
- a scheduled monument or land within its curtilage;
- a safety hazard area;
- a military explosives storage area; or
- within 3 kilometres of the perimeter of an aerodrome

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

5. Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including:

- details of any dwellinghouse and other works proposed
- the external appearance of the building
- details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

Additional storey of flats to be accommodated on top of Kings Court to provide 1 no. 1 person 1 bed flat and 1 no. 2 person 1 bed flat. The new floor will be of a similar floor to ceiling height as the existing 3rd floor below. The existing communal stair will be extended upwards to provide access to the new floors. Existing service risers will be used to provide services to the new flats. Smoke ventilation to the common parts will be retained/ reinstated and adapted to meet the new part B of the building regulations. The existing solar array at roof level will be relocated to the new roof space which will also incorporate an extensive type green roof.

Please refer to Prior Approval Report ref. 1142-PAS01, Daylight and Sunlight report by Hawkins Environmental, and the following drawing refs. which provide details of the scope of the proposals, external appearance of the building and details of the provision of adequate natural light in all habitable rooms and sets out impacts and risks associated with the proposed development:

- 1142P_01: Site location plan
- 1142P_10: Block plan
- 1142P_100: Existing plans
- 1142P_110-113: Existing elevations
- 1142P_200-202: Proposed plans
- 1142P_210-213: Proposed elevations

5. Description of Proposed Works, Impacts and Risks (continued)

What will be the net increase in dwellinghouses:

2

Note that this figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses on the site immediately prior to the development.

Please provide details of any transport and highways impacts and how these will be mitigated:

(Further details in report ref. T142-PAS01)

The PTAL of the site is 5 and it is within easy walking distance to an excellent range of local amenities (shops/ restaurants/ cultural facilities/ parks/ Hamstead Heath) and as such it is anticipated that the vast majority of journeys can and will be made by sustainable modes of transport. It is anticipated that, as with the existing development, new residents will not be eligible to apply for resident parking permits.

The existing building has 9 on site car parking spaces and bicycle store for 16 bikes which will be unchanged. As part of these proposals, bicycle parking for a further 2 bikes is proposed.

Please provide details of any air traffic and defence asset impacts and how these will be mitigated:

N/A

Please provide details of any contamination risks and how these will be mitigated:

Due to the age of the existing building (21st century) the existing building fabric/ roof coverings that may be impacted by the proposed development are very unlikely to be a source of contamination.

The proposed development will not involve excavation works with the exception of a small trench for the installation of new water supplies which will be provided by the statutory water authority. These will be in the location of existing water supplies for Kings Court.

A Construction Management Plan for the development will be issued to Camden planning department prior to commencement of the development which will detail how contamination will be identified, recorded and mitigated in the unlikely event that it is present.

5. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3 (Check online: <https://flood-map-for-planning.service.gov.uk/>); or
- is in an area with critical drainage problems (Check with the Local Planning Authority, it will have been notified of such areas by the Environment Agency).

Please see Environment Agency Flood risk map which is included within report ref. T142-PAS01.

Kings Court is in flood zone 1, an area with a low probability of flooding. Camden as a whole is at low risk of flooding however intense bursts of rain have the potential to cause groundwater flooding .

The proposals will not create an increase in the developed footprint on the site. Notwithstanding this the proposals include the installation of an extensive type green roof system to both the extension roof and the roof of the existing communal general refuse store. This will substantially reduce the rate and volume of surface water run off and therefore help reduce the risk of groundwater flooding in the borough.

Please provide details of the impacts of on the amenity of the existing building and neighbouring premises including overlooking, privacy and the loss of light and how these will be mitigated:

Please see report ref. T142-PAS01, drawings as listed in section 5. of this form and Daylight and Sunlight report by Hawkins Environmental for further details.

The windows of the proposed new flats will generally face either to the front or the rear of the site and as such will not create any risk of overlooking into existing dwellings of neighbouring buildings or Kings Court. The patio doors onto and roof terrace of flat 13 face toward the boundary with 525 Finchley Road. However, they are set back from the boundary line and at a very oblique angle to existing windows on no. 525.

Overlooking of neighbouring amenity spaces from the proposed new roof terraces is mitigated by setting handrails back from the edge of the building line below and retaining the existing overhanging eaves detail at 3rd floor level.

Please refer to Daylight and Sunlight report by Hawkins Environmental which demonstrates that the proposals will have minimal and broadly acceptable levels of impact on neighbouring development.

All of the proposed habitable rooms will receive good natural lighting levels and have good outlook as demonstrated by the plan and elevation drawings forming part of this application.

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

Note that these are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.

N/A

6. List of flats in the current building

Please provide a list of all addresses of the flats within the existing block of flats (either in the fields below or as a supporting document)

Address 1:	Please see schedule in report ref. 1142-PAS01
Address 2:	
Address 3:	
Address 4:	
Address 5:	
Address 6:	
Address 7:	
Address 8:	
Address 9:	
Address 10:	

Please provide details of any additional addresses on a separate sheet if necessary.

7. Checklist

Please read the following checklist to make sure you provide all the required information in support of your proposal. The information provided should include all the details necessary for the Local Planning Authority to determine if the proposal complies with permitted development legislation, and if its prior approval will be required. If sufficient information is not provided the Local Authority can either request it, or refuse the application.
