Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting listed building consent (delegated):

22 Bedford Square is located on the north side of Bedford Square. Built c. 1776-81 as part of a speculative development of large townhouses for Bedford Estate, the property is Grade I listed.

Bedford Square with its surviving formal symmetry is a significant and complete example of eighteenth-century of London urban planning. It is situated in the Bloomsbury Conservation Area.

The proposal involves the reinstatement of the traditional Portland stone steps at the front of the building which previously had been overlaid with Granolithic screed and now are in a state of disrepair..

The proposed changes will see the reinstatement of the front steps element of the building façade, thereby having the potential to positively impact on the architectural significance of the listed building and its contribution to the character and appearance of Bedford Square and thus that of the conservation area.

As such, the proposed works cause no harm to the special interest of the grade I listed building and to the character and appearance of the conservation area context.

The application has been advertised in the press and by means of a site notice. Historic England has issued a letter of authorisation for the case, stamped by the NPCU.

The site's planning history has been taken into account when making this decision

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as

amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
