**Subject:** 2020/3838/T - Proposed tree works - 1 Englands Lane

Sir/Madam

We would like to do some tree works in the front garden of 1 Englands Lane, NW3 4YA, to reduce the height and spread of the three trees.

As we are in a conservation area, my understanding is we must provide Camden with six weeks notice of the intended works, but that planning permission is not required.

The plan is to undertake a tight pollard on the trees and reduce their height and width by up to 30%.

I attach photos of the trees.

Please let me know if you require any further information.

Regards

Stephen Wolff
