Introduction

Introduction

This document has been prepared to illustrate proposed amendments to the refurbishment of 31-37 Whitfield Street and 50a Charlotte Street, consented by Camden Borough Council on 6 March 2020 (2019/6274/P).

In summary, the proposed amendments cover the following areas:

- Elemental arrangement of the Whitfield Street elevation including the position of the building entrance, materiality and signage zones
- Minor envelope infill to the south-east elevation
- Arrangement and finishes of the approach and external spaces adjacent to the Charlotte Street
- Entrance gate to Charlotte Street
- Extent of the roof top plant screen to accommodate the layout of building servicing plant
