2020/2169/P	Anne Stevens	10/08/2020 16:50:10	COMMNT	<p>This application was registered on 4 August but as late as 10 August there were no accompanying documents visible on this site at all. Since it represents an addition of 15 flat to the previous application for 20, it seems likely that what is proposed is substantial over-development and likely to result in flats of unacceptably small size. But there is no way of judging this without the supporting documents.</p> <p>There is also an issue relating to the extent of affordable housing proposed - this was a major weakness of the proposal for 20 flats. But again details are required.</p> <p>Given that the consultation period (to 31 August) includes a Bank Holiday please extend the consultation period by at least one week.</p>
