

CONSERVATION™ BOX SASH WINDOWS

The product that built our reputation.

Designed to directly retro-fit in place of original box sash windows in older properties, or to create a traditional appearance in new-builds.

These windows offer authentic period styling and the latest window technology, including double glazing for superb thermal and acoustic performance and three coats of spray applied, water based, micro-porous paint from the RAL Classic swatch or in a bespoke colour.

A favourite with architects, planning authorities and preservation societies, the Conservation™ box sash features traditional weights, heavy duty ball bearing pulley wheels and pre-stretched nylon cords that will not break or stretch.

The distinctive deep moulded internal profiles are available in a choice of either ovolo or lamb's tongue profiles with elegant glazing bars to match.

 Our beautiful timber Conservation™
 sash windows were specified for this
 bespoke, new build residence in
 Wimbledon Village.

MAIN IMAGE
55 NEW CAVENDISH STREET,
LONDON

Situated in the bustling and historic Marylebone, and is part of the Howard de Walden estate that owns most of the buildings in the immediate 92-acre area. Built in 1888 by architect W. Henry White, 55 New Cavendish Street has undergone refurbishment making it suitable for office or medical use with faithfully detailed sash windows matching the originals.
