Proposal:

Drawing Nos: Location plan, "summerhouse", (brochure), 1 garden facing house, 2 garden side, 3 first storey balcony 4 first storey balcony (JPEGs showing shed)

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Location plan, "summerhouse", (brochure), 1 garden facing house, 2 garden side, 3 first storey balcony 4 first storey balcony (JPEGs showing shed)

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is the back garden of a flat in a grade-II-listed former hospital of 1871 making a positive contribution to the Hampstead Conservation Area.

The applicant wishes retroactively to apply for listed building consent for a hexagonal timber garden shed with a pitched shingle roof.

The shed is of a scale appropriate to the size of the garden and is not attached to the listed building. It is not considered an incongruous feature and so does not harm the setting of the listed building.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
