Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Full Planning Permission Granted**

Address:  
**Coal Drops Yard**  
**Stable Street**  
**London**  
**N1C 4AB**

Proposal:

Installation of new light fittings to existing lighting poles along Stable Street and installation of two wireless antennas.

Drawing Nos: Submission Statement dated July 2020, Cover Letter 13/07/2020, PL-0003

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless

otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Submission Statement dated July 2020, Cover Letter 13/07/2020, PL-0003

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The application seeks to illuminate the façade of the eastern elevation of the Eastern Coal Drops at high level, utilising lampposts on the pavement on the western side of Stable Street. Intervention to the fabric of the listed building is minimal and in accordance with the Heritage Partnership Agreement for Coal Drops Yard (ref. 2018/3650/HPA). The existing electrical supply within the lamppost columns will be utilised and would minimise additional electrical infrastructure, which is welcomed. The justification for the works is robust and it is considered overall that the lighting scheme has been designed utilising a heritage-led approach which will serve to preserve the special architectural and historic interest of the listed building and the character and appearance of the wider conservation area.

The proposed lighting would be located a sufficient distance away from any nearby residential properties to ensure no harm would be caused to neighbouring amenity in terms of increased illumination and light spill during evening hours.

No objections were received following statutory consultation. The planning history of the site and surrounding area were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013. Special regard has also been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposal is in general accordance with policies D1, D2 and A1 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team London Borough of Camden 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444) . Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website at <https://beta.camden.gov.uk/documents/20142/1269042/Camden+Minimum+Requirements+%281%29.pdf/bb2cd0a2-88b1-aa6d-61f9-525ca0f71319> or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
