As you know King's Cross ward has high number of residents from BAME communities and have a large number of older people living in this ward, we have some queries.</p> <p>¿ what will be the arrangement during the work regards to the Post office, as we have many clients which use the post office? Also, will the community have the post office in the new building?</p> <p>¿ will this new place have any social housing , if yes what's the % ?</p> <p>¿ will this new place have anything for local older people? maybe a nice Bingo club for older people, place for Art therapy or small scale of gardening , as you know the south of the borough has very little available .</p> <p>¿ will this building have an area for community event?</p> <p>¿ how will the environment / pollution be affected?</p> <p>¿ will the building be accessible for the diverse community as you know King's Cross Ward has a high number of people living in social housing and are missing out on many things, especially during a pandemic?</p> <p>Looking forward to hearing from you.</p>
