2020/3529/L	jim beggs	13/09/2020 23:54:55	COMMNT	The 'comments' from myself published 21 August was an email to LBC stating the peculiar circumstances of the management of this application, and requesting clarification. Meanwhile at this late hour the online site is still requesting comments. The householder has confirmed that this information is incorrect as the application has already been dealt with. I have also previously advised Camden that the quality of information submitted is of a high order but amidst the confusion of contradictory information, and with absolutely no response from the case officer during the last month requesting clarification of the status of the application, I trust that there will be an internal review of the council's handling of the listed building application, removal of public notices etc etc, without any explanation whatsoever. Much time has been wasted and I will copy this response to the DPCAAC as I am obliged to do .
